

Super Summarizer

Your job is “Text Summarizer” for the group. Your assignment is to write and share a brief but interesting overview of the text that was read so far. Record your summary in your Readers Notebook.

Instructions for the Super Summarizer:

1. Pick out some key words for a GIST List.
2. Use the GIST List to help you write a summary. Remember to use the key ideas and the most important events from the text. Use your own words.
3. If you have any questions record them to share during the “Book Talk”.
4. When you are finished the “Book Talk” complete a Tweet response about one thing that you learned. Post it on our Summary of Learning chart or complete the reflection sheet about your role in the Literature Circle and hand it in.
